Local Author Launches 365 Of The World's Most Amazing Mysteries On October 1

From frog falls and crop circles to reincarnated Egyptian priestesses and fabulous monster sightings, the world around us is much less ordinary than it seems. **Almanac of The Infamous, The Incredible, and The Ignored** uses 365 well-documented – and truly mind-boggling – real life mysteries to remind us just how magical life really is.

*"Violini brings us a whole year's worth of unexplained mysteries with which to confuse our staid little hearts: a new one, each and every day. Be afraid! This one could change your life."
-- Linda L. Richards, author DEATH WAS THE OTHER WOMAN, editor January Magazine*

An outstanding reference book for any lover of unexplained phenomena and the paranormal, this well-researched book gives a mystery, a quote, and a secret power for each day of the year. The majority of mysteries are given on the day they occurred.

Juanita Rose Violini lives in BC's Columbia Valley, and has been researching the Almanac for over 10 years. "Some of these mysteries are well-known," says Violini, "but many have almost been lost, and will be brand new to readers. It is amazing how much we miss, or even refuse to see, in our own lives. If everyone started their day with a dose of the unexplained, how much more might reveal itself to us?"

Almanac of The Infamous, The Incredible, and The Ignored is published by Weiser Books, and goes on sale October 1, 2009. More information can be found at the Web addresses below, and by contacting the author.
